ABOUT US

MAR

ABOUT US

Mar Group Marble Construction, based in Bodrum, continues to deliver significant projects by sourcing premium natural stones from both domestic and international markets, complemented by its expertise in applications worldwide. A core priority of Mar Group Marble Construction is to showcase the unparalleled beauty of marble and natural stones through an extensive collection and innovative application techniques. We craft exquisite stones, including carefully selected granite, marble, onyx, porcelain, travertine, and semi-precious stones, sourced from Turkey and around the globe, tailored to your needs.

Whether it's a cozy living room, an elegant garden, a small fireplace, or a towering plaza, Mar Group Marble offers tailored solutions. Stones can be ordered as slabs, bundles, or containers, with additional services such as sizing, surface treatments, custom furniture (tables, coffee tables, fireplaces, and countertops), flooring applications, professional packaging, safe transportation, and on-site installation—all part of Mar Group Marble's expertise.

MAR MERMER

PRODUCTION

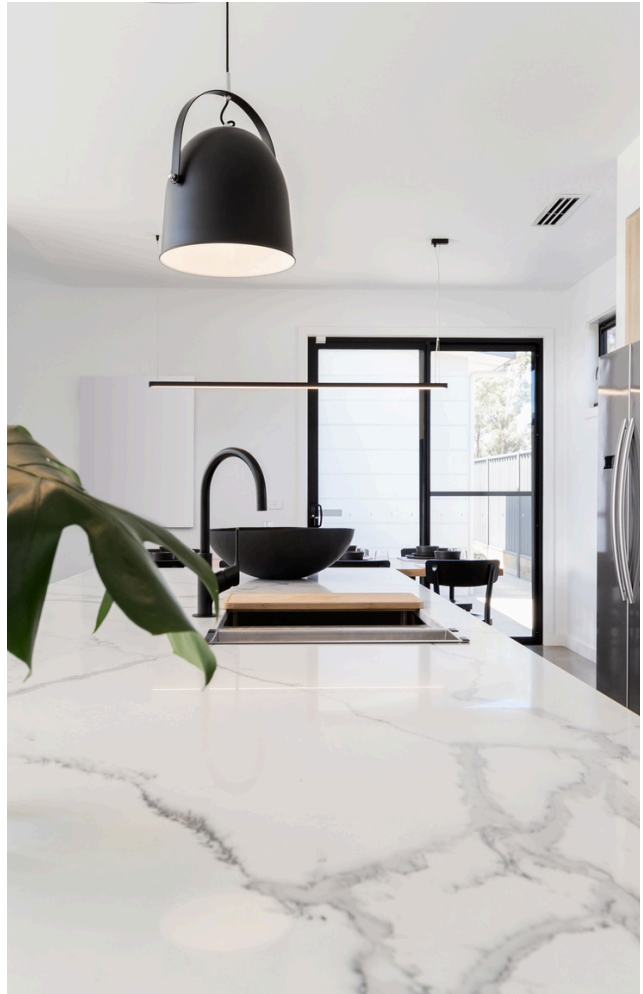

As we transform dreams into ideas, we enhance the value of materials. Great ideas come to life when they are paired with quality, natural, and exceptional materials.

Established with this philosophy, Mar Marble provides architects and designers with tailored solutions to turn their projects into masterpieces, offering an extensive range of local and international collections. Additionally, we create alternative solutions and innovative ideas for individual customers, empowering them to become the architects of their own homes.

MARKETING

It all begins with an email or a phone call. Our experienced and dedicated team is here to guide you in selecting the perfect stone and application for your corporate or personal project.

Discover the stunning colors and patterns in MarMarble's collection—a true gift from nature. After a brief consultation and tour, we'll help incorporate these natural treasures into your design, project, workplace, or home. Leveraging the latest technologies in natural stone and marble applications, our skilled team will ensure your vision and needs are brought to life with precision and expertise.

INSTALLATION AND APPLICATION

At Mar Group Marble, our commitment goes far beyond sales; it combines an amateur spirit with professional expertise. Finding the right solutions for your project is a meticulous process that demands collaboration at every stage, from conception to completion. Partnering with Mar Group Marble means benefiting from the support of industry experts throughout the entire lifecycle of your project—from the initial idea to after-sales service and beyond.

Our team ensures the highest level of service in every aspect, from selecting the perfect size, texture, color, and patterns to implementing these choices, as well as offering protection and renewal processes to achieve the most creative combinations. Whether for indoor or outdoor living spaces, we specialize in flooring, wall coverings, tables, coffee tables, countertops, fireplaces, and fountains.

With extensive experience and the necessary expertise, the Mar Group Marble team conducts a thorough on-site assessment of your project to recommend the most suitable applications. Once you approve the plan, we begin the installation process and ensure timely delivery, guaranteeing exceptional results for your space.

SURFACE PROTECTION

Every building material has a lifespan, but natural stone stands out as one of the most durable when paired with proper application and protection methods. By considering the structural and chemical characteristics of the stone, as well as its intended use in interior or exterior spaces, it is possible to significantly extend its longevity.

Mar Marble collaborates with industry-leading brands such as Fila (Italy) and Finalit (Austria) to provide top-tier surface protection solutions. Backed by an experienced team, we are ready to offer expert services to preserve the beauty and durability of your natural stone materials.

WE LOVE TURKISH BATH

Marble and Turkish baths share a timeless bond, with marble's luxurious appearance and enduring strength playing a crucial role in shaping the elegance, functionality, and soothing atmosphere of these iconic spaces for centuries. Revered for its ability to retain heat and exude opulence, marble has become an essential element in the design and tradition of Turkish baths, reflecting their cultural heritage and architectural beauty.

MARBLE HOME

Marble brings elegance to any home, seamlessly blending timeless beauty with practical durability. Its natural patterns and rich textures make it a versatile material, ideal for countertops, flooring, walls, and decorative elements. Whether used in a minimalist modern design or a classic, luxurious interior, marble enhances the aesthetics of living spaces while adding long-lasting value. A symbol of refinement, marble transforms ordinary homes into extraordinary sanctuaries.

MARBLE STAIRS

A marble staircase is a statement of luxury and timeless beauty in any home. Its smooth, polished surface and natural veining add a touch of sophistication to interiors, making it a centerpiece of design. Beyond aesthetics, marble staircases offer exceptional durability, standing up to daily wear while retaining their pristine look for years. Whether in a grand foyer or a cozy living space, a marble ladder elevates the home's ambiance, blending functionality with unmatched style.

MARBLE BATHROOM

A marble bathroom brings refinement to any home, combining natural beauty with durability. Its elegant veining and polished finish create a serene, spa-like atmosphere, making it a timeless choice for modern and classic designs alike.

MARBLE KITCHEN

A marble kitchen exudes elegance and sophistication, making it a timeless centerpiece of any home. Its natural patterns and durability make it perfect for countertops, backsplashes, and islands, blending beauty with practicality for daily use.

MARBLE LIVING ROOM

MAR

DECORATION PRODUCTS

Marble decoration products add a touch of sophistication to any home. From sleek vases and elegant candle holders to exquisite trays and sculptures, marble's natural veining and timeless beauty make it perfect for both modern and classic interiors.

MARBLE POOL

A marble pool in a luxury villa is the epitome of elegance and opulence. Its smooth surface and natural veining reflect sophistication, while the material's durability ensures lasting beauty. A marble pool enhances the villa's aesthetic appeal, creating a serene and lavish oasis.

MARBLE BATH

A marble bathroom transforms any home into a sanctuary of elegance. Its natural textures and unique veining create a refined, spa-like ambiance, while its durability ensures lasting beauty and functionality.

WE
LOVE
HOTELS

MAR

USING MARBLE IN HOTEL PROJECTS

Marble is a cornerstone of grace and delicacy in hotel projects, offering a blend of sophistication, durability, and timeless beauty. Its natural veining and wide array of colors make it a versatile choice for creating stunning lobbies, opulent guest rooms, lavish bathrooms, and serene spa areas.

Marble's ability to withstand wear and tear makes it perfect for high-traffic areas such as reception desks, flooring, and hallways, while its polished surfaces add a touch of grandeur to conference rooms and dining spaces. From custom countertops to intricate wall cladding, marble enhances the overall aesthetic, leaving a lasting impression on guests and elevating the hotel's design to new heights.
